

Appl. No. 10721927
Amdt. Date: Monday, June 13, 2005
Reply to Office action of: March 11, 2005

REMARKS/ARGUMENTS

In the specification, the paragraphs on page 2, lines 7-9 and beginning on page 8 at line 26 have been amended to correct informalities. It is noted that the adhesive does not have a numerical reference and your applicant believes that none is required as the specification and drawing figures are quite clear and unambiguous.

Of the originally filed Claims, Claims 1-13 and 15-16 remain in this application. Claim 14 has been cancelled. New Claims 17 and 18 have been added.

The examiner has acknowledged that claim 14 is directed to allowable subject matter; and such has been added to claim 13 to achieve allowability. Claims dependent on Claim 13 are therefore also allowable for at least the same reasons. Claims 1 and 7 have been amended to include subject matter not found in the rejecting references so that they are now in condition for allowance and the claims dependent thereon as well for at least the same reasons. New claims 17 and 18 are in condition for allowance for the new issues included therein which are not found in the rejecting art.

This amendment is timely filed within the shortened statutory period for response on Monday, June 13, 2005.

Applicant respectfully requests that a timely Notice of Allowance be issued in this case.

Respectfully submitted,
